 - 12 months after return to host institution
 - Research costs
 - Host institution costs
- When – deadline 17th August
- How
 - <http://cordis.europa.eu/fp7/dc/index.cfm?fuseaction=UserSite.FP7CallsPage>
 - Partnership with receiving host institution

AASLD/LIFER Clinical & Translational Research Fellowship

- **Applicant must possess a doctoral degree**, either an MD or equivalent and/or a PhD from an institution outside North America.
- **Applicant is within four years of completing gastroenterology or hepatology training**, or if a PhD, within four years of the receipt of the degree, at the start of the award period. (A parental leave of absence can not be counted towards the four years of eligibility.)
- **Applicant must identify a sponsoring U.S. institution and a research mentor** that is an AASLD member who agrees in writing to supervise his or her research.
- **Applicant must have a student or trainee Visa to the U.S.**
- **Project is clinical.** “Clinical Research” is defined as studies related to patients or disease processes having direct contact between the principal investigator and humans. Clinical research includes epidemiology and clinical trials in liver disease. At least 50 percent effort should be devoted to research activities.
- **Applicant is a member of AASLD.**

European Molecular Biology Organisation

- EMBO Molecular Medicine Sabbaticals
- Purpose:
 - Clinicians to visit/train in a basic science lab outside their own country
- Duration:
 - 6 – 12 months
- Grant covers:
 - Travel & subsistence
- Deadline:
 - 1st August
- <http://www.embo.org/programmes/fellowships/molecular-medicine.html>

European Molecular Biology Organisation

- EMBO Long-Term Fellowships
 - 2 year post-doctoral fellowship
 - International exchange
 - Deadline
 - 15th August
 - <http://www.embo.org/programmes/fellowships/long-term.html>
